July 15, 1997

Ms. Mary Clark
The Library of Virginia
800 East Broad Street
Richmond, Virginia 23219

Dear Ms. Clark:

This letter is in response to the May 30, 1997, letter from Messrs. Yelich and Livingston distributing implementing instructions to agencies for the statewide indexing of databases. Based on the instructions included with the May 30 letter, the Department of Medical Assistance Services ("Department") has determined that no databases supporting core business functions have been implemented on or after July 1, 1997. Additionally, the Department is establishing internal procedures to provide annual database index reports in compliance with Senate Bill 326 (1996).

Should you have questions concerning our response, please contact John Orrock at 225-2318.

Sincerely,

A handwritten signature in black ink, appearing to read "J. Teehey".

Joseph M. Teehey
